

GOAT DISTRIBUTION PROJECT

Live goats. Lasting opportunity.

Help families build a livelihood through Zwab's live-goat distribution project.

Community members and a Zwab team member gather with live goats.

Give a household a starting point.

Zwab distributes live goats to selected vulnerable households, giving families an opportunity to build livestock assets and a source of income.

A PRACTICAL GIFT. A POSSIBILITY TO GROW.

Families need opportunities to earn and meet everyday expenses. Zwab's goat project offers a practical asset that households can rear. As animals reproduce, families have an opportunity to develop a livestock-based livelihood over time.

BE PART OF REACHING OUT

Your contribution can help place a live goat in a household with the opportunity to rear it. Support a starting point for a family to build on through Zwab.

An asset to rear. A chance to grow.

A live goat is a productive asset. Zwab's project gives households the opportunity to rear livestock and work towards greater self-reliance.

SUPPORT A LIVELIHOOD PEOPLE CAN BUILD

Zwab's guiding principle is to give people an opportunity to start, grow and eventually support themselves. Live-goat distribution puts that purpose into a practical form: an animal a household can rear as part of a small-scale agricultural livelihood.

GIVE TOWARDS A PRODUCTIVE BEGINNING

Help Zwab extend this opportunity to households. Donate towards live-goat distribution and support families working to build a livelihood.

An opportunity beyond today.

Goat distribution is designed to open possibilities for income, livestock ownership and household security. Your support can help families take that first step.
